

Our value for term 4 was compassion.

We looked at how we can show kindness and respect to one another and how we can show compassion to those less fortunate than ourselves.

We ran the Sport Relief Mile and raised, through sponsorship by friends and families, an amazing £1689.40

Rennie class produced a piece of artwork to represent this value. They each added their hand print to remind us that compassionate hands are gentle, kind and giving; they share. Then they filled the heart with their love for us.
