

The main value for term 5 2012 has been RESPONSIBILITY

We have thought about how we need to take responsibility for ourselves, how to live healthily and how we need to take responsibility for making the most of our talents and maximize our learning. We have also thought about how we need to take responsibility for the words we use and the actions we take and their effect on others and the world.

Artwork by Brunel class

This term we have also celebrated the journey of the Olympic Torch through our values and, during our Olympic week, focused on the Olympic values of

Friendship
Respect
Excellence
Determination
Inspiration
Courage
Equality

in practice in every thing we did.

Please look at the photos and videos of this inspiring week.
