

OUR VALUE FOR THIS TERM IS WISDOM

We have considered the wisdom of listening to our teachers and parents. We thought about the meaning of the following proverb:

“Listen my child
To your father’s instructions
And do not forsake your Mother’s teaching.
They will be a garland to grace your head
And a chain to adorn your neck.”

Here are some of the pieces of wisdom passed down to members of our school by their parents:

If you are polite, people will be polite back.
If people are mean to you, ignore them.
Share things - not everyone has as much as you.
You can't have everything.
Take every good opportunity you can get.
Remember your manners.
Treat people just the same as you like to be treated.
Smile and the world will smile with you.
Respect others' possessions.
If someone is unkind to you, tell a teacher.
Winning is not always part of the game.
Be grateful for what you have.

SOMETHING TO DISCUSS AT HOME:

What is the difference between being clever and being wise?

Knowledge is proud - he has learned so much.
Wisdom is humble - he knows that there is so much more to learn.

Wisdom is being able to use what you know, your experience and your common sense to make right choices.

A wise person learns from their mistakes and takes responsibility for their own future and the future of others.
