

'Letters and Sounds'

A Guide for Parents

Being able to read is the most important skill children learn during their early schooling and has far-reaching implications for lifelong learning, confidence and well-being. High quality phonic teaching is the prime means by which we teach children how to read and spell words.

At Southwick School, we follow the 'Letters and Sounds' phonics programme and this guide is designed to help you, as parents, understand 'Letters and Sounds' so that you can support your child at home. Although 'Letters and Sounds' is a phonics teaching programme, it is also fun so ...enjoy!

Phonics at a Glance

Phonics is

**Skills of
segmentation and
blending**

**Knowledge of
the alphabetical
code**

Phonics consists of:

- identifying sounds in spoken words;
- recognising the common spellings of each phoneme (sound);
- blending phonemes into words for reading;
- segmenting words into phonemes for spelling.

HELP!!!! (some terminology explained):

Phoneme: a sound
in a word

Grapheme: a letter or sequence of
letters that represent a phoneme.

1	2	3
c	a	t
b	ir	d
f	i	sh
kn	igh	t

These words each have three phonemes (separate sounds). Each of these phonemes is represented by a grapheme. A grapheme may consist of one, two, three or four letters. We refer to these as **sound buttons** e.g.
kn igh t

Segmenting: means
breaking words down into
their phonemes to spell
e.g. c/a/t

Blending: is the reverse of
segmenting. When you blend
you build words from their
phonemes to read.

Grapheme Key Vocabulary:

Digraph

2 letters making one
sound (ai, ee, oo)

Trigraph

3 letters making one
sound (igh, dge)

Split Digraph

Where the two letters are not ad-
jacent (a-e, e-e)

Something to Think About!

The English language is tricky and just when children have mastered the graphemes that correspond with the phonemes (e.g. p-l-ay) they then realise that there can be many choices as to which grapheme to use. Here is an example:

a—paper
ay—play
ey—they
a-e—spade
eigh—eight
ei—vein
ai— plain

So, the more support and opportunities they have to practice their 'Letters and Sounds' the better!

REMEMBER...

You can use the information inside this leaflet to help you play games to help your child to develop their phonics skills as well as by listening to them read or helping them with their spellings!

‘Letters and Sounds’ Progression (the Phases explained)

At Southwick, whilst the children work within the phase that is appropriate to their level of learning, they may also be given experience of other phases to support future learning or secure previous learning. The children are assessed regularly to ensure that their needs are being met as it is important that each child is secure within a phase before moving too quickly onto the next phase.

Here is a brief summary of each phase:

Phase 1 (pre-school)

Children should learn to:

- show an awareness of rhyme and alliteration;
- distinguish between sounds in the environment/phonemes;
- explore and experiment with sounds and words;
- discriminate speech in words
- Begin to orally blend and segment phonemes

Phase 2 (Reception)

Children should learn to:

- use common consonants and vowels;
- be able to blend and segment to read/ spell simple c-v-c words;
- begin to learn ‘tricky words’ that cannot be segmented;
- understand that words are constructed from phonemes and that phonemes are represented by graphemes.

Phase 3 (Reception)

Children should learn to:

- know at least one grapheme for each of the 44 phonemes (there are approximately 44 phonemes in the English language!);
- read and spell a wide range of c-v-c words;
- use all letters and less frequent consonant digraphs and some long vowel phonemes;
- continue to learn ‘tricky words’.

Phase 4 (Reception/Year 1)

This is a consolidation unit. There are no new graphemes to learn. Instead, children learn to:

- read and spell more ‘tricky words’;
- segment adjacent consonants in words and apply this to spelling;
- blend adjacent consonants in words and apply this skill when reading unfamiliar texts.

Phase 5 (Year 1)

Children learn to:

- read phonetically decodable two-syllable and three-syllable words;
- use alternative ways to pronounce and spell the graphemes corresponding to the long vowel phonemes;
- make phonetically plausible attempts to spell complex words.

Phase 6 (Year 2)

Children learn to:

- recognise phonic irregularities and become more secure with less common grapheme-phoneme correspondences;
- apply phonic skills and knowledge to recognise and spell an increasing number of complex words;
- recognise and use the past tense;
- begin to investigate spelling patterns and learn how to add suffixes e.g. –ed to words;
- break down longer words to help with their spelling;
- apply strategies to enable them to become independent spellers e.g. by finding and learning the difficult bits in words

KS2

Most children will be ready to move onto ‘Support for Spelling’, the KS2 spelling programme. However, a small number of children will need to continue to consolidate their understanding and application of their phonics skills. They will continue to do so using either ‘Letters and Sounds’ or ‘CLLD Spelling at KS2’.

Letters and Sounds: Progression

Phases 2-5 of 'Letters and Sounds' are designed to be taught systematically. It is recommended that this is done for a discrete period of time – around 20 minutes- on a daily basis.
