

## The School Council

The School Council meet on a Monday afternoon every two weeks. Each class is represented by a girl and a boy who have been voted in by their peers. As a group we discuss issues which are important to the children. So far this year we have made some changes to lunch times. The representatives asked their peers what they would like to change and as a result of feedback from each class we now have a rota of sports activities for the sports coach to use every lunch time and we are introducing a reward for the best behaved table at lunchtimes which will include being allowed to line up first for hot dinners. We are also continuing to raise money to buy a super star stage for our school playground.
