

My Classroom

The children will spend the first few weeks settling in and learning how to use the classroom. We will be encouraging them to be independent in selecting resources and putting them away again for the next person.

Super Writing

We will begin learning letter shapes and patterns in the air using our magic wands and magic moves, we will then transfer these onto paper and whiteboards.

My Friends

We will enjoy watching the children build friendships and get to know each other; we will teach strategies for sharing, taking turns, finding a friend and making up if they fall out. We will talk about our feelings, identifying common emotions and consider how our behaviour affects the feelings of others. The children will also meet and spend time with their Y6 buddies

Brilliant Numbers

Counting, number recognition and numbers rhymes will be enjoyed daily, we will focus this term on recognising numbers 0-10 and careful counting.

Super Me!

Wren Class Term 1

Super Learning

The children will begin to learn learning skills this term. We will introduce the importance of good listening and develop their ability to follow instructions. We will focus on resilience and we will encourage the children to keep on trying when learning or playing is tricky. Super Learners don't give up!!

Super Stories

The children will enjoy listening to stories and singing rhymes every day as we begin to lay the foundations for learning to read. Please continue to read to your children at home daily. The children will also receive their first reading books and start to learn phonics. We will hold a phonics evening to give parents the opportunity to find out more about phonics later this term.
